Apple iPhone users who always remain anxious and concerned about their exquisite and expensive iPhones can now breathe easy. The iPhones are no doubt a prized commodity and too expensive to replace if stolen. Moreover, the repair of any kind of damage to an iPhone is a costly affair which involves high disbursement of money. Thus, they are nothing short of a lifeline for a user.

However, things have changed. With the increasing demand of iPhones, there is an increase in the number of companies who are offering iPhone insurance. The insurance is competitively priced and the entire process is unpretentious and hassle-free. The covers included in the policy are accidental damage, theft, electrical or mechanical breakdown, illicit calls from the stolen iPhone etc. Such covers will appease the nerves of anxious iPhone users who lose all their temper when their so called indispensable gadget is lost or falls down from a table. When we look at iPhone insurance comparison, there are some companies that are offering worldwide cover. So, if you are in any corner of the world and your iPhone is stolen, just relax; it is insured. One such company of UK is Insure Your Mobile.

On the other hand, iPhone insurance comparison also brings out certain exciting offers and discounts to attract large number of iPhone users. Some iPhone insurance offers include free one month cover with every policy, free accidental cover etc. But, all these covers come with certain explicit terms and conditions which are to be fulfilled. The services provided by these iPhone insurance services are attractive and impressive. These insurance companies claim to replace your iPhone within 2 days after your claim for theft or damage gets approved. In case of repair, it will take less than 5 working days. Insuring your iPhone is a simple and quick process which can be done online. With a few clicks, you can get your iPhone protected and insured in seconds.

The insurance policy costs by the company Insure Your Mobile is just 8.99 per month. This is a meagre cost as compared to the value charged by the service providers. The service providers give a twelve month contract which costs up to 600 for any kind of replacement in case of damage or theft. Thus, the insurance policy of our company can give you a peace of mind at very economical cost. It covers the entire range of iPhones including iPhone 3G, iPhone 4 etc.

However, there is a flip side to the coin. The cost for safeguarding your phone in the form of insurance covers is too high and expensive. It is not worth spending so much just for the protection of a phone. The other main constraint in iPhone insurance is that the plan has to be bought within 30 days of buying a new iPhone. Otherwise, your costliest and most expensive
